

NOTICE OF PHYSICIAN STAFFING AND EMERGENCY PROCEDURES

As a specialty hospital we believe that every patient should be cared for in a location which can best meet their clinical needs. That is why The Physicians Centre has developed a facility with a special focus on Surgical Procedures and Diagnostic Radiology. On rare occasions a patient's condition might change in an unexpected manner which is outside the scope of services we provide. During these occasions you may need to be transferred to another health care facility which can meet those unexpected needs.

You should be aware that this facility **DOES** have a physician available on the premises 24 hours a day, 7 days a week.

Please sign below to acknowledge your receipt and understanding of this disclosure and that you have had an opportunity to ask and receive answers to any questions you may have about this disclosure, including your options, if any, for treatment at other facilities.
